

2025-The Adventure Begins and without the help of you, our fabulous sponsors, the story may not have been. So a huge  
Thankyou

Having watched the last SYP dirt circuit event of 2024, getting enthused, to a 12 week car build of the 1992 VP Commodore for the Production Class, from scratch and to being on the start-line for event one, race one.

A new, fresh SYP61, built to stringent rules and regulations that passed scrutineering with flying colours.

We entered the fray with supporters, pit crew and friends trackside and came home for a first up win in the very first race. By the end of meeting #1 we had successes and some interesting battles, some harsh lessons in circle work, but ultimately we had fun.

Over the course of the season our pristine car gained a bruise or two with the engine having a catastrophic failure at the last meeting, but we did have more than expected first places.

Over the summer break, spanners will be swung to get the SYP 61 back into pristine condition, along with some major heart surgery on the engine to get the 2026 season off to a roaring start but we will be encouraged by continued and ongoing sponsorship to help Geoff and the volunteer team strive for more success.

Geoff really appreciated the funds and goods that sponsors helped with initially at season start in 2025 and was ever mindful to give maximum exposure of sponsors signage at race events and similar outings such as the Copper Coast Show.

On display at the 2025 Copper Coast Show with awards and sponsor board for public viewing

Trophies,  
Ribbons and  
Vouchers  
were  
welcome  
rewards for  
our maiden  
racing year

The Honour Board of 2025 Achievements of Geoff Wall Racing. Zoom in on the board.

A testament of the support of our valued sponsors and volunteers behind the scenes

And of course, the hard work of mechanic/driver Geoff.

“Onwards and Upwards for 2026”

Thankyou
